911.... *Never Forgotten*

Freshman
Kahley Barkes

"I didn't really understand the severity at first. It's nice to see how our nation comes together in hard times."

Junior
Amber St. Germain

"I didn't take it very serious at first but once I understood the severity of the situation I basically just went into shock."

Special Needs teacher
Jill Hackleman and
daughter Abbie
Hackleman

On September 11, 2001 terror struck our nation. Many of us were sitting in class just like any other typical day, but it wasn't a typical day at all. In the middle of 2nd hour we heard the breaking news..... Two planes had struck the Twin Towers in New York City and they were calling it a terrorist act. What did that mean to us? We really weren't sure. Although it was a year ago, the pain, memories, and destruction haven't been forgotten.

Mural created and dedicated by Dean Loucks.

Sophomore
Jaun Lara

"I was speechless when I heard the news. It was as if my emotions just drained out of me."

Senior
Maggie Hoogenboom

"I thought it was an accident at first. It didn't really hit me until I found out it was a terrorist act. I immediately thought of my brother who is in the National Guard."

"I was giving 1-step when my husband called me with the news. I immediately thought of Abbie. For the longest time I was so nervous to leave her at home that I broke out in hives when I knew I had no other options."

Mrs. Thomas, Guidance Dept. Chair, feels GHS is fortunate to have a wide and varied curriculum. As department chair she is informed about Goshen's curriculum choices and changes to ensure adherence to Indiana State Curriculum, Core 40, etc. The guidance staff works diligently to pass on accurate information to students about what classes are available and what would be best for students to take.

Susan Stringfellow and Theresa Collins

Mrs. Collins, our media specialist / librarian, enjoys the multi-cultural atmosphere at GHS. It's evident that her efforts, and those of her assistant, Mrs. Stringfellow, are paying off because the number of books checked out has doubled in the last year. With the addition of the computers to the Media Center more students are able to do research online.

This years fall play was Harvey. Harvey was co-directed by Susan Yoder and Richard Snyder. It opened on November 14th and ran through November 16th. Susan Yoder said the play is based on a man who chooses "nice" over "smart" and in that fabricates a six foot rabbit named 'Harvey' to cope with his loneliness. By the end of the production three others believe they have seen him as well. The play itself is the culmination of several months of hard work, which began on September 12th with auditions in the auditorium. Around 40 students auditioned.

When the cast list were posted excited squeals resounded through the hall. The cast and crew made commitments of time, energy, enthusiasm, and a positive attitude. And in return ... the promise to have fun. The crew would usually have around 10 hours of rehearsals a week. However all the cast members agree that all the time and hard work they put into working on this play was well worth it when the play opened to a large audience on November 14th.

Snyder said that in his opinion, "The artistic cooperation between myself and Mrs. Yoder was again a success. Overall the show was very funny and the students learned a lot about performing comedy."

Homecoming was held on October 4, 2002. Our Goshen Redskins took on the Northridge Raiders at 7:00 p.m. The skins dominated the field to win 24-7.

Every year Homecoming has a specific theme, this year was Mardi Gras. As each grade competes in the spirit week festivities they dress up, act stupid and show their spirit. The biggest part of the competition is the parade of floats. This year the senior float just couldn't be beat. Everyone made a good attempt, but the two story Bourbon Street building and Chinese dragon just couldn't be out done. Seniors gone wild is certainly going to carry on through-out the year.

The Dan Gardner Concert

Dan Gardner is on his way to the top. Dan is a former GHS graduate and member of our incredibly talented Crimsonaires show choir. Dan won the Today Show's "Today's Superstars". He competed against 4,100 other contestant entries. Dan was originally born in New York and was adopted by Merrit and Ruth Ann Gardner who live in Goshen.

Throughout the entire competition Dan had the support of the entire town and especially GHS. Directions on how to vote for him more than once were even printed in the Goshen News.

For winning the contest Dan received a recording contract and was delighted to come back to his former school and put on a Christmas concert. It was one of the best moments of the year. Dan is a great example of what you can achieve if you continue to pursue your dreams.

This year the GHS Variety Show was combined with Mr. GHS in an effort to raise money for charity and also to collect canned food for the canned food drive. There were several good acts at the Variety Show, starting off with a guitar solo by Jeremy VanAndel. He was followed by the memorable band Maximum Control. Two duets were also performed at the show, one by Jason Shenk and Justin Dolezal, the other by Adrienne Nesbitt and Carrie Maxwell. In between all of these great acts we also had a duel between two drum solos. Nick Whitehead and A.J. Guzman both gave amazing performances on the drums. The Variety Show concluded with a wonderfully sung solo by none other than our very own Mrs. Susan Hepler-Yoder.

Below: Steve Ott styles and profiles, as usual.

This years Mr. GHS was one of the most successful in recent years. The competition raised over \$2000 for local charities, and also collected over 1000 canned goods for the canned food drive. The same annual awards were given out and include; Mr. GHS, First Runner-Up, Second Runner-Up, Mr. Legs, Mr. Biceps, and Mr. Friendly. The contestants were judged on community involvement, academics, fitness, formal wear, and an interview question. The competition's big winner was John Newburn who took home the awards of Mr. GHS and Mr. Friendly. First Runner-Up was Nate Gautsche, and Second Runner-Up was Jason Shenk. The Mr. Legs award was given to Joe Judd, and Mr. Biceps was awarded to Tom Skinner.

Scarf that sauerkraut!

Key - Club

Key Club's goal this year was to increase the interest in the club, involve more members and find some valuable community projects to work on. The club's officers this year were President John Newburn, Vice-President Lori Hooley and secretary.

To mention some of The Key Club's charity work:

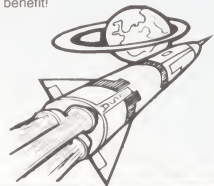

Making Christmas better for a chosen less fortunate family, helping out at Notre Dame games and collecting pop-tabs for the Riley Childrens Hospital. This helpful club meets twice a month to talk about past activities and upcoming events.

(Left) Maiya Voytyk senior, Key Club member:

"I consider Key Club to be one of the most important clubs at our school. It's easy to join and it's a great place to hang out with benefit!

Rocket - Club

Hmmm, rockets. That's right folks! This is the first year for Rocket Club and they are certainly making their mark. Building and flying model rockets is what this club is all about.

One of the goals this year was to design, build and fly a 2-stage rocket carrying two eggs to exactly 1,500 ft altitude. The club is split into two teams. The Red team is headed up by Paul Shetler and the White team led by Nick Mellot. The club also went to Virginia for the Team Rocketry Challenge competition.

So, why should you join Rocket Club? Well, Nick Mellot says, "It is fun and the epoxy smells bad."

Red Team Captain and White Team Captain Paul Shetler and Nicholas Mellot.

1st row: Mr. Horst, Chris Griffin, Charles Hart, Robert Mertz, Mike Buckwalter and Ezra Shrock.

2nd row: Emily Wigley, Matt Gunden, Paul Shetler, Jesse Shirk-Byler.

3rd row: Nicholas Mellot.

Art - Club

The Art Club worked on a lot of fun stuff this year, one of the members claimed, "we're a bunch of Ms.Joldersma's slaves." They painted the baseball dugout, took a trip to the Chicago Art Institute and had a blast at the Octoberfest.

Thomas Gangwer felt that, "Art Club is like galloping through the Alps on a white steed."

German - Club

That's right, it's the German Club. The German Club meets once a month to do "German oriented activities and other stuff," says Christian Nuss. One big event of the year is the Maifest in May. They also do the Octoberfest with the Art Club in the fall.

Mark Rhudy.

President Shannon

dent Abbie Baxler.

IMPACT +

SWAT changed it's name to IMPACT this year, with a more defined focus on impacting every person with the love of Christ. (Thats their vision statement.) Some of their impacts were "Impact 911" (September 11, '02) and Christmas for Christ.

They would get together every other Wednesday during SRT where they have worship, pray and plan club activities. As they put it; "We have built it. Will you come?"

Officers Carrie Maxwell, Melissa Miller, Tom Carpenter, and Jason Shenk.

Disc Golf - Club O

In the spring comes birds, flowers and Disc Golf Club! With Daniel Miller and Justin Wilson leading the way, Disc Golf has really taken off. The one big event this year was the Tomahawk Tournament at the end of school. These students worked every Tuesday and Thursday after school to prepare for the contest.

Pact

Pact is an organization made up of caring teenagers. They counsel and support other teenagers and kids. During their meetings, every other Tuesday, they talk about upcoming events like their Christmas party.

They're also in charge of P.S.I. (Postponing Sexual Involvement), where students visit the middle school and talk about making responsible choices.

"It's a great way to positively influence the youth in our community" states PACT member Naomi Rice-Smucker.

Ashley Beachy working with a student.

Ping Pong Club

The newest and probably the most exiting club at GHS this year was the Ping Pong Club, led by the wild Mr. Yoder.

They met in his room or in the gym during SRT every other week, where they played Ping Pong and had a good time together. As Steve Ott, their club captain puts it; "Ping Pong: It's not a sport, it's a way of life."

Tournaments and team competitions were also held after school. Next year they are also planning to go to China, the Mecca for Ping Pong players, where they are going to play Ping Pong against some of the best Ping Pong teams in the world. Maybe... Senior exchange student from Germany, Titus Ludwig, thinks: "Ping Pong is really fun and everyone should try it"

Ben Roth.

Captain Steve Ott.

Bowling - Club

The Bowling Club was a very exciting bunch of students this year. Meeting every Tuesday, Wednesday and Thursday, they not only improved their bowling but they also talked about gossip, girls, guys, and of course, bowling! The captains this year were Michelle Eskridge and Trevor Riegsecker.

Drama - Club

The Drama Club has done a complete turn-around this year compared to the last. Instead of just sitting around and talking, this group of talent is playing more games that are drama-related and providing more enjoyment for the members.

The President this year was Dan Clouse, the Vice-President Justin Dolezal, and the secretary was Kendra Ellington.

Meeting every other Thursday also helped prepare everyone for the One Acts show in May.

French - Club

French Club was a great group this year. Meeting once a month on Tuesdays to eat French food, play French games and sing French songs.

President Naomi Rice-Schmucker said that the goal this year was "to encourage people to take interest in French culture."

The big event of the year was Mardi Gras and "There is more organization!"

French Club officers Nicole Sheldon, Naomi Rice-Schmucker, Chaim Hodges, Sheena Guilfoos, Carlos Juarez.

Ski - Club

This year's Ski Club "Kicks butt" says Ski Club member Brad Barker. "You get to meet a lot of girls".

They get together every Tuesday, and they ride the bus to Swiss Valley in Jones, Michigan. Although the cost is high, the members seem to enjoy the club, the money is well worth it.

As senior Jon Joldersma says: "Gee, I think Ski Club is swell. When I put on a pair of skis, I think I can fly. I give it two thumbs up!"

So join the GHS Ski Club next year, and have some fun in the snow!

Ski Club President Jason Metz.

Academic Super Bowls

2nd: Matt Miller, Ben Jacobs, David Horst, Tyler Yoder 1st: Aaron Schwinn, Maria Byler

The English Super Bowl was a group of "strong competitors" and practiced for six months to prepare for the NLC Area competition. They did their best and got 6th place at Northridge High School.

The Math Super Bowl did a great job and got 4th at their area competition.

Super Bowl Science did their usual thing at their meetings this year too, studying science stuff. They studied hard to reach their goal, to have a place in the top five of local schools in the area. The biggest event was the area competition at Northridge High School, April 22nd.

Art Super Bowl was full of new members this year, mostly sophmores. The group met at the end of first semester and through second semester. Since the group was so small, they didn't elect any club officers.

They were full of inspiration after the great art stuff parties they threw before the competitions, which were the big events of the year.

Spell Bowl Club

Anna Lehman and Matt Nesbitt.

Although the Spell Bowl Team did not make it to state this year, this group of students still went out with a bang. With a new coach and a mix of members, some old some new, the team did an excellent job keeping spirits high when scores were low.

Even with the regular SRT practices every Tuesday and an occasional pizza party here and there, the team backed out of the NLC Area Spell Bowl competition. But next year, look out for strong competition!

Daniel Miller and Liz Brown.

Spanish - Club

Spanish food, music and dancing anyone? Then Spanish Club is the place for you! The Spanish Club has been very busy this year with various fundraisers for scholarships and to help pay for the trip to Spain. But the big event of the year was to make a video tour of GHS in Spanish. Mr. Yoder's media class also helped to make this possible. The reason behind the project was to help new Spanish speaking students and their parents.

Julia Chairez and Hugo Deluna performs for elementary students.

The Latino club has been very busy this year! The club officers were concerned about younger latino students being faced with too many negative influences inside the school system. So the idea of the "bilingual motivational presentation" came up. The group presented this to the elementary and middle school students. The high schoolers talked about having a good perspective of school, extra curricular activities, gangs, and other issues. courtesy of Nora Chavez-Morales

National Honor Society

President Tom Carpenter, Vice president Lonnie Newburn and Secretary Katie Shreck: "You think we're nerds, but we're not."

(Katie Shreck not in picture.)

National Honor Society takes pride in the consistency in our society, and their members hopefully will assume leadership roles and make the community better by serving others.

The introduction of new members is a very important and exciting time for them, a ceremony that takes place in the 1st or 2nd quarter of the year.

These smart people get to get together every other Wednesday, where they talk about service opportunities.

By Tommy Skinner (Year-book Staff) and Nicole Boyd (Tomahawk Staff)

This year the Goshen High School Musical was *Les Misérables* a play set in the early eighteen hundreds about political uprising. The play is one of the most ambitious projects ever taken on by the musical program. The play itself is a masterpiece with many universal themes and characters that anyone can relate too.

The story of *Les Misérables* is one of the most tragic tales ever told, but ends in bittersweet happiness. In the scene at the barricade, perhaps the most amazing scene ever done in a GHS musical, the cast used 101 pieces of furniture and 46 casters to build the 3-piece movable stage prop. The musical cast was made up of 70 members, and also another 32 members who performed in the pit orchestra. The show played six times, each to sell-out crowds.

For Spring Break the Crimson Band and Guard traveled down to Orlando, Florida for four days of fun and new experiences. The band spent a day at Universal's Island of Adventure, Disney's MGM and Disney's Magic Kingdom where the band participated in Disney's Magic Music Days. The band also visited Disney's Animal Kingdom and Epcot theme parks. All in all it was a wonderful trip with each participant bringing home life-long memories.

Publications

This years Publications class was one of the biggest ever. The class itself is actually two classes in one, yearbook, and news paper (Tomahawk). However, both classes are almost as much of a job as they are a class. The newspaper works hard and puts out a monthly issue, while yearbook covers all of the years school events and puts them together for the actual yearbook you later receive. The Tomahawk staff is led by Mrs. Graber, and the yearbook by Ms. Yoder.

GHS pulled off another successfull marine biology trip to
llamorada, Florida Keys.

This year's trip was actually the 30th time GHS science
teacher Carl Weaver packed over 30 students and equip-
ment onto a bus and set off on a 29-hour bus trip.

Mr.Weaver, his wife Chris Weaver and Elkhart Central
biology teacher Bud Wulliman taught the students about
marine habitats and different inhabitants of the sea.

One of the many highlights of the week was the
snorkling/diving trip to John Pennecamp State Park, where
they got a closer look at the beautiful corals. (Look but not
touch...)

Later that same day they went to Whale Harbor Inn and
ate a delicious meal.

They also were able to observe alligators at the Ever-
glades National Park, where sightings of black panthers
were reported too...

As you can see, they had a great spring break at
the Keys, a week of learning and having fun under
the sun!

Graduation, June 8, 2003. The time has finally come. We have waited 13 years for this. We are ready to celebrate our accomplishments and take the next step into our lives. Some will start families, some will go to college, and some are not sure what they want to do yet, but we have all just finished a huge chapter in our lives. The time has come to say good bye, but always remember Goshen High.

Craig-

What a joy you have been to me and your Dad. You have grown into a kind, wonderful young man. Your kind, tender, heart and your love of the Lord and life itself will help you accomplish much in your lifetime. As we have learned, our time here on earth is not certain, so , enjoy life to the fullest, remembering to keep God first.

We love you Craig,
Mom and Dad

This is what you shall do: Love the earth and sun and the animals, despise riches, give alms to every one that asks, stand up for the stupid and crazy, devote your income and labor to others, hate tyrants, argue not concerning God, have patience and indulgence toward the people, take off your hat to nothing known or unknown or to any man or number of men, go freely with powerful uneducated persons and with the young and with the mothers of families, read these leaves in the open air every season of every year of your life, re-examine all you have been told at school or church or in any book, dismiss whatever insults your own soul, and your very flesh shall be a great poem and have the richest fluency not only in its words but in the silent lines of its lips and face and between the lashes of your eyes and in every motion and joint of your body...

-Walt Whitman

Justin,
Standing tall, straight, and strong
Knowing who you are and what you believe
With an open heart and open mind...
These are the ideals we've seen develop in you
And we feel blessed and very proud
That you are our son.
Love always,
Mom and Dad

You did it! You're done! You made
it! You're through!
Oh, What a Great Moment!
Now what do you do? There are so
many choices
The world is immense
Take a good look around and decide
what makes sense
Whatever you do, now or later,
Big or small, loud or quiet-
Whatever you do, don't worry.
Just try it. Whatever you do,
Whether near or so far, I know you'll
be great.

You already are.

Congratulations Class of 2003

This photo is a picture of my dad. It was taken at Veteran's Hospital, in Batavia, NY. On this particular day, my father told me he'd just been informed he had emphysema. Being a health educator, that news didn't surprise me, since he'd smoked for more than 30 years. I asked him, once again, to quit, assuring him he'd at least avoid any further damage. Big Ed, as we used to call him, quickly let me know he didn't want me lecturing him. I agreed to never bug him again, but asked if he'd do a "commercial" for me. I told him I'd show the picture to kids, while encouraging them not to smoke. I said, "I want them to see the real Winston Man, sitting in his wheelchair". He laughed and said, "go ahead, Mr. Health Educator".

A year and a half later, they found a malignant tumor, in my dad's throat, which quickly spread, and took his life. Big Ed held my oldest son, Darren, once...when he was 5 months old. He never had the pleasure of meeting my 17 year old, Mike, who was named after my dad's favorite brother.

Mark W. Dotuck

If you, or someone you care about, would like to quit smoking, there are a lot of folks, in Elkhart County, who would like to help. Please don't hesitate to call Tobacco Control of Elkhart County (TCEC), at the following number:

523-2117

Oh, by the way. Graduate as a non-smoker, chances are good you'll be a non-smoker the rest of your life!

I Can Only Imagine

I can only imagine
What it will be like when I walk by your side
I can only imagine
What my eyes will see when your face is before me
I can only imagine
I can only imagine

Surrounded by your glory
What will my heart feel
Will I dance with you Jesus or in awe of you be still
Will I stand in your presence to my knees will I fall

Will I sing Hallelujah
Will I be able to speak at all
I can only imagine
I can only imagine

I can only imagine when that day comes
when I find myself standing in the sun
I can only imagine when all I can do is sing
forever, forever worship you
I can only imagine
I can only imagine

- **Enjoy!** We hope you enjoy your copy of "Staring at the Stars of Tomorrow." This book was created by students of Goshen High School. We strive for excellence in producing the best yearbook possible. With new technology comes new problems...digital photography is one of them. There are some fuzzy pictures this year due to our technology not matching with the printing company. We did the best we could under the circumstances. We apologize for any errors that may have occurred, this is all part of the learning experience.

The End

The first part of the paper discusses the importance of the research and the objectives of the study. It then presents a literature review of the existing research on the topic. The methodology section describes the research design and the data collection process. The results section presents the findings of the study, and the conclusion section summarizes the main points and provides recommendations for future research.

The research was conducted in a systematic and rigorous manner, following the principles of good research practice. The data were collected from a representative sample of the population, and the results were analyzed using appropriate statistical methods. The findings of the study are presented in a clear and concise manner, and the conclusions are based on the evidence presented.

The study has several strengths, including the use of a large sample size and the inclusion of a control group. However, there are also some limitations to the study, such as the potential for bias in the selection of the sample and the use of self-reported data. Despite these limitations, the study provides valuable insights into the topic and contributes to the existing knowledge in the field.

The results of the study have important implications for practice and policy. They suggest that there is a need for further research in this area, and that the findings can be used to inform the development of interventions and policies aimed at addressing the issues identified in the study.

In conclusion, the study provides a comprehensive overview of the topic and contributes to the understanding of the issues involved. It highlights the need for further research and provides recommendations for future studies. The findings of the study are presented in a clear and concise manner, and the conclusions are based on the evidence presented.

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million (1990–2000) and is projected to increase by a further 1.5 million by 2020 (Office for National Statistics 2001).

There is a growing awareness of the need to develop strategies to meet the needs of the ageing population. The Department of Health (2000) has identified the need to develop a new paradigm of care for the ageing population, one that is based on the concept of 'active ageing'. This paradigm is based on the idea that older people should be able to live independently, participate in social and community activities, and maintain a high level of physical and mental health.

One of the key challenges in developing a new paradigm of care for the ageing population is the need to address the needs of older people who are living in care homes. Care homes are often seen as a last resort for older people, and many people who enter care homes do so as a result of a decline in their health or a loss of independence.

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 5.5 million women employed in the public sector in 1995, compared with 4.5 million in 1980.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of women in its workforce. In 1995, 88% of the public sector workforce were women, compared with 78% in 1980. This is due to a number of factors, including the fact that the public sector has a high proportion of jobs that are traditionally held by women, such as teaching, nursing, and social work.

Another reason why the public sector has become an important employer of women is that it has a high proportion of jobs that are part-time or flexible. In 1995, 38% of the public sector workforce were employed on part-time or flexible contracts, compared with 28% in 1980. This is due to a number of factors, including the fact that the public sector has a high proportion of jobs that are traditionally held by women, such as teaching, nursing, and social work.

A third reason why the public sector has become an important employer of women is that it has a high proportion of jobs that are well paid. In 1995, the average salary of a public sector employee was £18,000, compared with £15,000 in 1980. This is due to a number of factors, including the fact that the public sector has a high proportion of jobs that are traditionally held by women, such as teaching, nursing, and social work.

The first part of the paper discusses the importance of understanding the cultural context of the research. It highlights how cultural differences can influence the interpretation of data and the design of the study. The second part of the paper focuses on the methodology used in the research. It describes the sampling process and the data collection methods. The third part of the paper presents the results of the study. It includes a table showing the distribution of responses across different categories. The final part of the paper discusses the implications of the findings and suggests areas for future research.
